CREDIT UNION ANNUAL MEETING

Do you have any suggestions on how the FCA Employees' Federal Credit Union can be of better service to FCA employees? Do you want to exercise your right as a member in nominating and voting for officials? Do you want to know the financial status of your credit union?

Then come to the annual meeting on Friday, January 21, at 4:30 p.m. in room 1345E.

At this meeting reports of operation of the credit union for the year ended December 31, 1943, will be submitted, the matter of declaring a dividend will be considered, and directors and members of the credit and supervisory committees will be elected.

The nominating committee - Richard E. Kaufmann, Alma E. Day, J. M. Munroe - will be glad to receive suggestions from members. An opportunity also will be given to nominate directors and members of the committees from the floor.

News From Field And Camp

LETTERS FROM OUR MEN AND WOMEN IN SERVICE

Maj. C. T. Cuthbert. (O-298077, Hq. Alaska Highway, APO 724, c/o P. M., Seattle, Wash.) Today I received a Christmas package from you, and it shocked me to realize that I had not acknowledged last year's gift, which, incidentally, arrived some time last March. I am therefore thanking you for both. The Grapevine reaches me regularly. As you may gather from my address, I'm up in the Northland where I am in my second winter. Fortunately the area is considerably more "civilized" than it was when I arrived. All and all, boredom is the greatest hardship in those rare moments when one isn't swamped with work. The scenery

is grand, though, and the climate -
brrr - invigorating.

Sgt. W. E. Brown, (37241792; AAF, 47½
S. Sherman, St., Denver 9, Colo.) I
wish to thank you very much for the
Christmas remembrance. It was nice to
be remembered by all my friends at FCA.
I am still at Ft. Logan as an instructor
in the Clerical School. Although my job
is pretty routine as we start a new
class every two weeks, I enjoy the work
as the procedure is similar to the work
I did at FCA. I was fortunate this
year as I was able to spend Christmas
with my family as they are out here with
me.

Anthony V. Albamonte, Y/2c USCG (PF-19,
Naval Training Station, Norfolk 11,
Virginia) Thanks for your Christmas
present. It really came at the right
time. The package came just as I was
leaving - being transferred to this
place. We expect to be here about a
month and then go aboard our ship,
wherever it is. The training is like
'boot' camp and all the rigamarol is
still here.

Ens. A. E. Weatherbee (USNR, Morris
E-32, Soldiers Field Station, Boston
63, Mass.) Greetings from the East. I
had hoped to contribute to the war ef-
fort to the maximum extent in my own
field of work but the army had other
ideas so I accepted the navy's offer
to transfer me from the army, as you
probably know, and am now studying the
elements of the navy supply and dis-
bursing system ashore and afloat. In
March I will be assigned to appropriate

duties, probably afloat, at an advance
base or with the Amphibious Group or
Seabees. Perhaps when I return I can
qualify for a job in Jim Wilkinson's
ship!

Pvt. Jeanette Walker, MCWR (AES 45,
Bks 224, Marine Corps Air Station,
Cherry Point, N. C.) The Christmas
package which you sent me was very use-
ful and very much appreciated. Thanks
to you all. I am now permanently as-
signed here at Cherry Point, doing
stenographic and clerical work in the
station personnel office. It is all
very interesting, and there is so much
to learn that I'm sure I won't tire of
it soon.

Capt. Hugo W. Druehl, (QMC, 2701 O
Street, N. W. Wash., D. C.) It is one
of the grandest things to learn at
Christmas time that one hasn't been
forgotten by his associates. I want
to thank the Club for its Christmas
message and for the thoughtful gift.
Aside from two periods of training at
camp I have been continuously on duty
in Wash. The news in the issues of the
Grapevine makes the distance between
here and Kansas City seem less great.

Cpl. Samuel Friedman (Det. 4th Comm.
Sqdn., Bluethenthal Field, Wilmington,
N. C.) Received your swell gift and
wish to thank you for your thoughtfulness.
We have been working pretty hard
here the last few months as we had a
P-47 Fighter Group stationed here get-
ting their final overseas training and
combat tactics. They have completed
training so we are taking it rather easy.

Telephone. Girls of the section were delighted to receive a nice photograph of Marine Mary McBride. Mary writes that she was happy to receive copies of the Grapevine and also the Club's Christmas package.

OUR WASHINGTON REPORTER

Many compliments were received on the December 29th issue of the Grapevine - it was an interesting and well-planned issue. In fact so many former FCA'ers have asked for copies that we ran out of "extras" too soon. Things have

quieted down to normal again after the big doin's on Christmas. Did you read about our terrific ice-storm on Christmas? It was a holy terror - and we hope it doesn't happen again. Have had some people out with the 'flu but all seem to be getting along nicely now. French Hyre was giving out candy and cigars the other day - proud papa of a baby girl!...Travel really must be restricted these days - we haven't had any visitors from K. C. for ages... Kelsey Gardner expects to visit out there on his field trip... "Dere Ma" sure hit the nail on the head - several of us received like gifts!

DICK DE SOUSA AND
PAUL JAMES MEET IN ITALY

It's really a small world after all thought two FCA friends when their paths crossed overseas.

At a little camp in Italy the telephone bell sounded. Warrant Officer Dick de Sousa in his best form answered the call. The person at the other end said, "This is Lt. James speaking," de Sousa merely acknowledging by a "yes." Then, "This is Lt. Paul James." After a matter of seconds the light dawned and Dick realized it was Paul James with whom he had worked in Production Credit Division in old FCA. After the usual "How are you's," they discovered that they were only 4 miles apart and undoubtedly would be seeing each other soon.

USO LIKES CLUB MAGAZINES

Magazines to which the Farm Credit Club subscribes, and which are well read in the clubroom, do further duty still before they wind up in the wastepaper drive. They are sent to the USO, where they are greatly appreciated, as the following letter, received last week, indicates:

"Dear Sirs: We very much appreciate your gift of magazines to the USO Club. All the men and women in service are enjoying them. You have given them many hours of pleasure, and we are deeply grateful to you for this fine gesture. On behalf of everyone, we thank you."

Gratefully yours,

(s) William J. Knowles,
Director, Military Div.

BILL HARRIS NOW AUTHOR

W. S. (Bill) Harris, who turned in his blue pencil as an editor when he left Farm Credit and the Grapevine behind a few weeks ago to join the personnel division of USDA in Washington,

blossomed out as an author this week, with an article in Personnel Journal titled, "Should Employees Rate Supervisors?" A copy of the magazine may be obtained from the library.

SOFT DRINK BUSINESS IS GOOD

"Business is good and is getting better every day," says Gardner Walker, reporting on the patronage of the Farm Credit Club's soft drink dispenser in the Clubroom.

More and more employees are patronizing their own facilities in the clean and pleasant surroundings of the Clubroom. For those who have found a 12-ounce drink for a nickel is too much, paper cups now are provided so two can split a drink.

Annex employees learned this week they haven't been forgotten either. A dispenser has been installed there by the Club and already is doing a substantial business.

Deere Ma:

Well, Ma, I been out in the feeld again. This time it was Illinoise. They is more to Illinoise than just Chicago. Where they ain't Chicago in Illinoise they is corn. God sure must of intended us to be corney or he wouldn't have put so much corn around.

I been visiting peeceeeayes and eneffulays. They is the local assosiations that Farm Credit serves. Everrybody that works for Farm Credit (and quite a few of them here does) (work, I meen) knows about peeceeeayes and eneffulays but I bet they ain't one in a doesen would recognize one if they was to meet it in broad daylighte.

Sometime a peeceeeaye or a eneffulay is on the groun floor and sometimes they is upstares and once in a while in a basement. Most of the time they is in small towns but sometimes they is in big ones. If they are in a small town you can just look up and down the street for the sign of dependable credit or the blue and white eneffulay sign and you can usually find the offis that way. If it is in a big town you look in the telephone book.

The mane guy in a peeceeeaye or a eneffulay is the secatary. Then they is anywhere from one to four or five girls. Sometimes they is a feeldman or a

assistant secatary. In the ole days it wasn't so much fun visiting peeceeeayes or eneffulays but now most of the secatarys and feeldmen either is over fourty or they is four-F, and a guy from Kansas Citty can reely maik a im-preshun out in the feeld.

Just to show you I herd a cupple of the girls in one offis talking. One says, "Did you see that guy from Kansas Citty? Of all the abysmal nincompoops he talks the caik." And mind you, Ma, I had only been in the offis 20 minutes and I hadn't reely been trying. Give me a whoal day some time and I'll reely show them sumthing.

Yore loving son
Willy

P. S. Just what is a abysmal nincompoop, Ma? The moar I look at it I don't get so sure about it.

P. P. S. But whatever it is, that girl meant I was the abysmalist. I guess that's something.

A henpecked looking little man and his wife arrived at the concert late.

"What are they playing?" he whispered to the man beside him.

"The Fifth Symphony," his neighbor replied.

"Thank goodness," said the little man. "I've missed four of them."

Mother, may I keep a diary?
Why yes, dear.

BOWLING

January 3: The Accounts team, with the powerful bowling of Mills and Yorkdale who had 419 and 414, respectively, were gifted 3 games from Legal. Their team total of 1,985 was 19 more pins than the counselors could gather. Joe Spelman of the losers had high set for this match with 470 while Keith Scott with 335 finished on the opposite end. Andy Morrison led the parade in the match between Land Bank and Mortgage Corporation. His 482 topped such notable bowlers as Menk and Fowler and paved the way for the double set-back handed to the Mortgage Corporation. Coops. came through in great form and took the first 2 games by a wide margin; however, Graphic grabbed the night-cap easily. Frazee had 190 in the first game and 189 in the second but took a nose dive to 116 in the last game. His 495 topped all other bowlers. Porter and Elkins were the consistent bowlers for Graphic, getting 456 and 435, respectively. Lowell Collins, after a year's lay-off, made his appearance on the mapleways with the Administrative team and banged out a terrific 528. This was made up of 2 games of 178 each and 172, which is pretty consistent bowling. This, however, did not stave off the 2-game defeat handed to

Administrative by the Reports team. Hein with 207-541 and Jacomet with 186-497 were the power for Reports.

January 10: Morrison came through again to aid his team in victory. His 217-524, which was shaded by Menk's 225-592, upset their scheduled opponents for 2 games. Hume's 183-481 won almost single-handed the only win for the other team. For information concerning the scheduled opponent and the other team, see the villain of "On the Bridge at Midnight." Beauchamp, participating for Coops., slashed the maples for a big 464 and played an important part in administering a double shellacking to Administrative, his former teammates. McClurg finally located the headpin and bowled 498 for Administrative. Mortgage Corporation, behind the weak bowling of Fowler and the good bowling of Havelka and Buck, copped 2 from Accounts. Reed's 218 saved the last game for Accounts and his 489 represented high for both teams. Mills continues to struggle. Captain Fred Ganley led his Legal gang to victory in the first 2 games over Graphic. His 452 was high while Weinberg's 437 was tops for Graphic.

FCA WOMEN'S BOWLING LEAGUE

January 5: Unable to come back after the holiday recess, Legal dropped all 3 games to F & A but held their first place position by the narrow margin of 2 games. Personnel took 3 from General Files and held second place by virtue of a higher pinfall than F & A. Clark's 160-444 was high for the winners and high 30 for the evening. Aided by Ruch's 184 no-miss game, Purchase took 3 from Audit. Despite Owen's consistent bowling (143-144-145), Land Bank took only one game from Reports. After taking the first game, Securities lost the last 2 to Stenographic.

January 12: There were no clean sweeps for this session, every team winning at least one game. Legal took the first 2 but lost the last one to Stenographic. After losing the first game to Reports, Personnel turned on the steam and took the last 2 with Clark rolling 189-464 for the winners. Land Bank dropped the odd game to Audit, despite Owen's 162. Securities and Finance and Accounts took 2 from Purchase and General Files, respectively. The race for first place in the league line-up is still close. The Legal team leads with a 2-game margin but is being crowded by Personnel and F & A.
